## WIFE CLAIMS HUSBAND

On Several Occasions Threatened to Kill Her

Suit for Damages Filed Against Pennsylvania Road by the John Amicon Company.

In the case of the John Amicon Fruit company, of this city, against the Pennsylvania railroad company, the defendant through its legal representative, J. H. Eymon, filed an answer in the common pleas court Saturday. The defendant states that on March 26, 1907, the plaintiff delivered to it, for shipment to Columbus, 75 barrels of apples. The defendant claims that the apples were in bad condition and that even with the quickest transportation could not have arrived at their point of destination without being in such a condition that they would be refused by the consignee. The company sold the apples in Columbus, realizing \$14.25, after deducting the freight charges of \$12.60. The fruit company sued the railroad for damages in the sum of \$213.75 for alleged failure to handle promptly.

Through her attorney, L. E. Myers, Lulu Edith Runkles filed a petition for divorce from her husband, Benjamin R. Runkles, in the common pleas court Saturday.

The plaintiff states that they were married in this city April 28, 1906, and that there have been no children born to the union. She states further that since their marriage the husband has at no time provided a home for her, nor has he supplied

her with the necessities of life. At several times he threatened to kill her. She asks for divorce and all proper relief.

In the case of Jacob F. Lusch against the Implement Manufacturing company, the defendant filed an answer to the amended petition in the common pleas court Saturday. The answer states that the injuries sustained at the company's works by the plaintiff and for which he seeks damages, were the result of his own negligence and not the negligence of the company.
